

AMERICAN CATERING EQUIPMENT

SINGLE AND DOUBLE BOWL SINKS adjustable position undershelf 304 stainless steel

Heavy duty quality, robust construction, good aesthetic style, safety finish is easy to maintain and keep clean. Suitable for any harsh hard working environment where high standard of hygiene is essential.

There are no exposed bolts, brackets or components. Designed for kitchens, food service areas, hospitals, laboratories, butchers, abattoirs, bakery, dairy, fishmonger, food processing, veterinary services and any other area where stringent standards are required.

The quality of these sinks is certified worldwide by:

- NSF** (National Sanitary Foundation)
- ANSI** (American National Standards Institute)
- SSC** (Standards Council of Canada)

Sinks are available three lengths one width, single or double bowl, standard depth or extra deep, single or double drainer subject to model. Corner drain with stainless steel overflow tube and guard as standard.

All sinks are dispatched easy to handle and store cartons ready for on site assembly.
